Notes forming part of the Financial Statements

1. Significant Accounting Policies

1.1 Basis of preparation of financial statements:-

The Financial Statements have been prepared in accordance with the generally accepted accounting principles(GAAP) in India.

1.2 Employee Benefits:

No provision for gratuity has been made by the company for the financial year as company does not have any permanent employee on its roll.

1.3 Miscellaneous expenditure :

Preliminary expenses are being written off over a period of five years from the date of commencement of commercial operation.

1.4 Investments:

Long-term investments are stated at cost of acquisition and related expenses. Provision is made to recognize a decline, other than temporary, in the value of long term investments on an individual basis.

1.5 Taxes on Income :

The expense comprises current and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. The impact of current year timing differences between taxable income and accounting income for the year is recognized as a deferred tax asset or deferred tax liability. The tax effect is calculated on accumulated timing differences at the end of accounting year, based on effective tax rate substantively enacted by the balance date. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized in future; however where there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets.
